Re: Pensacola fire

Dear Customer,

This letter is to provide you notice that Ascend Performance Materials (“Ascend”) is declaring Force Majeure on all Ascend polymers, compounds and industrial fibers, pursuant to our agreement with you. This declaration of Force Majeure is a result of a fire that occurred at Ascend’s Pensacola facility on July 10, 2018, which halted the operation of our polymerization units.

During this Estimated Force Majeure Period, Ascend will allocate polymer and fiber in a fair and equitable manner among its own internal requirements and Ascend’s contract customers. Your sales representative will contact you shortly to discuss your specific allocation of polymer and/or fiber.

We will update you on a regular basis as we obtain additional information. Please feel free to contact your sales representative with any questions.

We appreciate your cooperation in our efforts to resolve this Force Majeure event.

Regards,
