

June 7, 2018

Dear Ascend Customer,

Due to rising raw material and transportation costs, Ascend Performance Materials has announced a price increase effective July 1, 2018 for all Ascend and Vydine Polymers, Fibers, and Compounds sold in Asia unless governed by other contractual arrangements. In Asia, prices will increase as follows:

Ascend and Vydine Polymers, Fibers, and Compounds: \$0.20/kg

You will be contacted shortly by your Ascend account manager to discuss implementation of this price increase.

Our goal continues to be to supply superior nylon 6,6 products with outstanding customer service. We value you as a customer, we appreciate your business, and we look forward to continuing a mutually beneficial relationship with you.
